

Alarm Bells

(Sing to the tune of Jingle Bells)

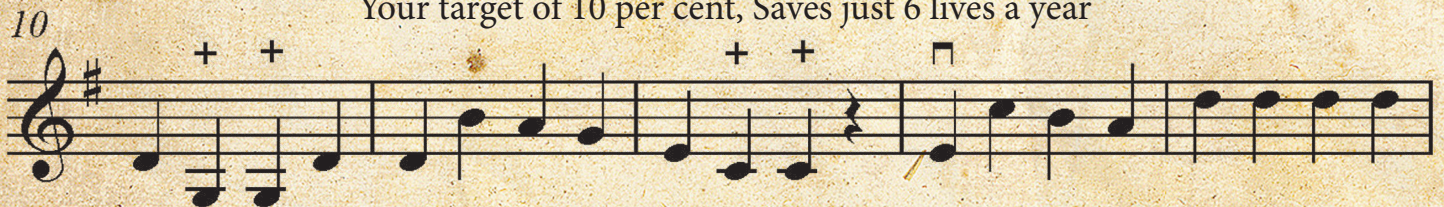

Alarm Bells, Alarm Bells, Ringing everywhere
Suicide's a crisis here, Do you really care?

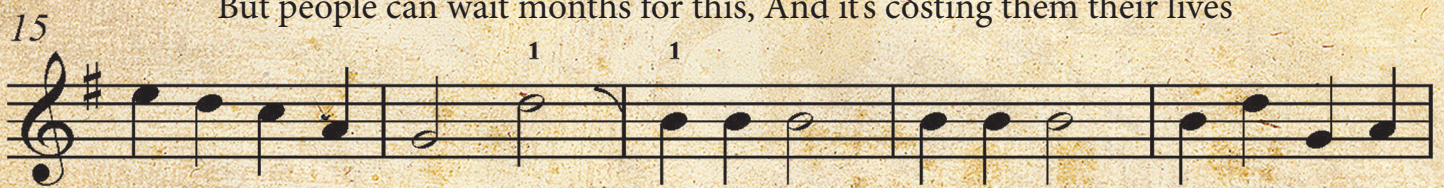

Oh! PHA, PHA, This is why we're here

Your target of 10 per cent, Saves just 6 lives a year

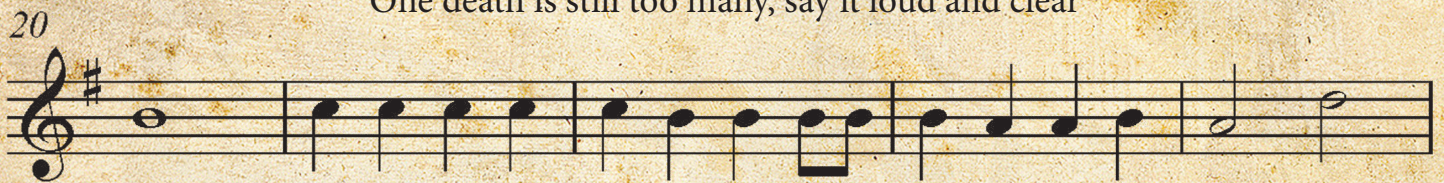

You need to re-invest, And counselling is best

But people can wait months for this, And it's costing them their lives

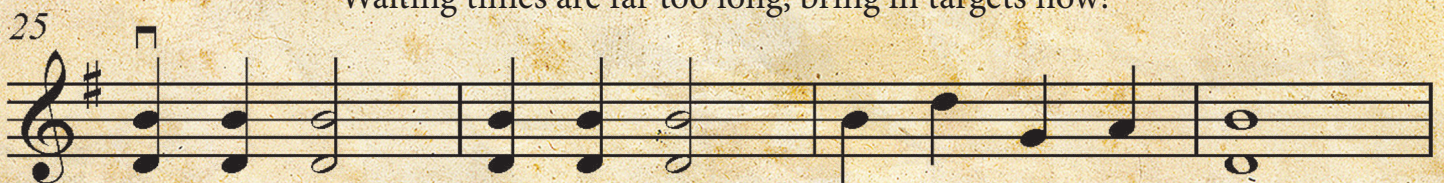

You need to act right now, we need to hear you say

One death is still too many, say it loud and clear

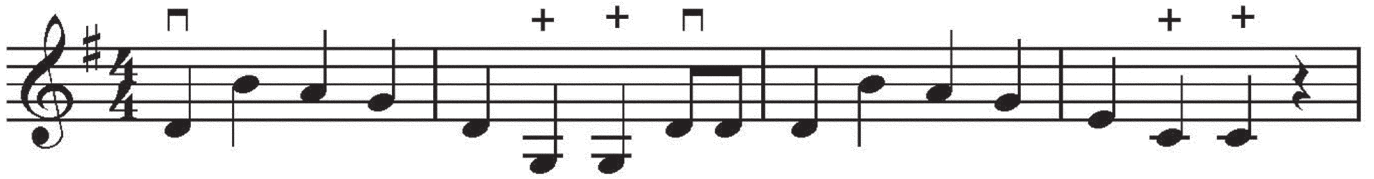

Oh! Counselling, counselling, can help to save lives

Waiting times are far too long, bring in targets now!
